WHS AVID 9 & 10 Community Service Proposal & Timecard

Besides building your résumé, and making you more competitive for various jobs, scholarships and college acceptances, our goal is to help you make meaningful connections in the community. Therefore, the ***required five hours each semester must be done outside of the school district.*** If you are also volunteering in our district, those hours can count for additional, extra credit community service hours. Besides listening to and reading the WHS Student Bulletin, there are many ways to learn about volunteering opportunities. Start with these websites: <http://www.volunteernow.org/>, <https://www.volunteermatch.org/>
