# What Is **SUMMER BRIDGE?**

Summer Bridge 2023 is an orientation program designed to welcome newly admitted first year students in the DREAM Center, EOP and Seawolf Scholars programs at Sonoma State University during the summer. The primary focus of Summer Bridge is to provide support and guidance with the transition from high school to college, give our students "a taste" of university life, connect them to campus resources and provide them with opportunities to create supportive relationships and register for fall courses.

## Why should I apply?

- Summer Bridge is completely FREE!
- Create community with other incoming first-time first-year students
- Get paired with a Summer Bridge Leader, an upperclassman student who works with you throughout the summer and the academic year
- Take 6 units of college credit for free, putting you ahead in completing your degree
- Register for classes before other first-time first-year students
- Receive a \$1000 book voucher to purchase books and supplies

**The DREAM Center is inviting Undocumented students to participate in Summer Bridge!**
