Initial/Original Question: _____ Source, page #, and problem #: _____
 (Directly from book, quiz/test, notes, discussion, etc.)
 - As I review my resources, what is something I don't understand?
 - How can I simplify and explain this question in my own words?
/2

Key academic vocabulary and definition associated with topic/question:
 1. - What are the key academic vocabulary words I need to understand?
 - What are the definitions from my book or notes?
 2. - Can I define them in my own words?
/3

What I Know About My Question: - How can I organize the information?
 1. - What do I know about my initial question?
 - Can I make a prediction about a reasonable answer?
 2. - What concept does this remind me of?
 - Can I connect this concept to prior knowledge or another subject
/3

Show steps in critical thinking about initial question: *SHOW your thinking. - How can you represent the concept? - What symbol, image, graphic or sketch would show your thoughts about your question? <div style="text-align: right;">/5</div>	List and describe the steps: - What are the steps to what I know? - What steps did I follow to learn more about this problem? - What resources did I access to learn these things? - What steps can I take to make sure I really understand these concepts? <div style="text-align: right;">/5</div>
--	---

Point of Confusion: -What information are you missing?
 -Based on all the thinking you've done on this page, what specific idea, step, fact, or process do you need to answer your Initial Question?
 *Note: your POC should be different and more detailed than your IQ.
